INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Western Placer Consolidated Transportation Services Agency Auburn, California

Report on the Financial Statements

We have audited the accompanying financial statements of the Western Placer Consolidated Transportation Services Agency (the Agency), a component unit of Placer County Transportation Planning Agency (PCTPA), as of and for the years ended June 30, 2021 and 2020, and the related notes to the financial statements, which collectively comprise the basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Board of Directors Western Placer Consolidated Transportation Services Agency

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Agency as of June 30, 2021 and 2020, and the respective changes in financial position and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 20, 2021 on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters and the Transportation Development Act. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control over financial reporting and compliance.

Richardson & Company, LLP

Management's Discussion and Analysis June 30, 2021

This section of Western Placer Consolidated Transportation Services Agency's (WPCTSA) basic financial statements presents management's overview and analysis of the financial activities of the Agency for the fiscal year ended June 30, 2021. We encourage the reader to consider the information presented here in conjunction with the financial statements as a whole.

The Consolidated Transportation Service Agency designation was created by California law as a means of strengthening and coordinating the social service transportation programs of nonprofit organizations and, where appropriate, to serve as the focus for consolidation of functional elements of these programs, including the provision of transportation services. The WPCTSA Joint Powers Authority was created on October 13, 2008 by Placer County and the cities of Auburn, Colfax, Lincoln, Rocklin, and Roseville, and the Town of Loomis to provide these transportation programs. Under the Joint Powers Agreement that formed WPCTSA, Placer County Transportation Planning Agency (PCTPA) is designated as the entity to provide administrative, accounting, and staffing support for WPCTSA.

FINANCIAL HIGHLIGHTS

- Total Assets \$837,263
- Total Liabilities \$837,263
- Total Net Position remains unchanged at zero
- Total Operating Revenues \$155,860
- Total Operating Expenses \$974,731
- Total Non-Operating Revenues \$1,088,871
- Total Non-Operating Expenses \$270,000

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to WPCTSA's audited financial statements, which are comprised of the basic financial statements. This annual report is prepared in accordance with the Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for States and Local Governments*. The Single Governmental Program for Special Purpose Governments reporting model is used which best represents the activities of WPCTSA.

The required financial statements include the Balance Sheet; the Statement of Revenues, Expenses and Changes in Net Position; and the Statement of Cash Flows. Notes to the financial statements and this summary support these statements. All sections must be considered together to obtain a complete understanding of the financial picture of WPCTSA.

Statement of Net Position

This statement includes all assets and liabilities using the accrual basis of accounting as of the statement date. The difference between the classifications is represented as "Net Position". This section of the statement identifies major categories of restrictions on these assets and reflects the overall financial position of WPCTSA as a whole.

Statement of Revenues, Expenses and Changes in Net Position

This statement presents the revenues earned and the expenses incurred during the year using the accrual basis of accounting. Under the accrual basis, all increases or decreases in net position are reported as soon as the underlying event occurs, regardless of the timing of the cash flow.

Statement of Cash Flows

This statement reflects inflows and outflows of cash, summarized by operating, capital, financing and investing activities. The direct method was used to prepare this information, which means that gross rather than net amounts were presented for the year's activities.

Notes to the Financial Statements

This additional information is essential to a full understanding of the data reported in the basic financial statements.

Management's Discussion and Analysis June 30, 2021

FINANCIAL ANALYSIS

The following table compares the Statement of Net Position at June 30, 2021, June 30, 2020 and June 30, 2019:

Comparative Analysis of Current and Prior Year Net Assets

	2021	2020	20 to 2021 Variance	2019	9 to 2020 variance
Current assets	\$ 837,263	\$ 1,012,267	\$ (175,004)	\$ 997,855	\$ 14,412
Current liabilities	 837,263	 1,012,267	(175,004)	997,855	14,412
Net position, unrestricted	\$ 	\$ 	\$ 	\$ 	\$

Current Assets – The current assets at June 30, 2021 decreased by \$175,004 compared to the fiscal year ending June 30, 2020. The decrease in assets was the result of the planned expenditures of cash reserves this fiscal year.

Current Liabilities – The current liabilities at June 30, 2020 decreased \$175,004 compared to the fiscal year ending June 30, 2020. The decrease in liabilities was attributable to decreased Accounts Payable and Due to Other Agencies balance at fiscal year-end offset by a decrease in unearned revenues.

Net Position – Unrestricted net position, the part of equity that can be used to finance day-to-day operations without constraints was zero at June 30, 2021, 2020 and 2019. There was no change from the prior fiscal years. The Agency has no net position because its non-operating revenues are reflected as unearned until eligible expenditures are incurred.

The following table summarizes the Statement of Revenues, Expenses and Changes in Net Position for the fiscal years ending June 30, 2021, June 30, 2020 and June 30, 2019:

Comparative Analysis of Current and Prior Year Activities and Balances

	2021	2020	2020 to 2021 Variance	2019	2019 to 2020 Variance
Operating revenues Operating expenses Operating Income (Loss)	\$ 155,86 974,73 (818,87	1 1,087,783	\$ 7,000 (113,052) 120,052	\$ 148,860 788,115 (639,255)	\$ 299,668 (299,668)
Non-operating revenues Non-operating expenses Change in Net Position Net Position, beginning	1,088,87 270,00	, ,	(180,052) (60,000) 	969,255 330,000 	299,668
Net Position, ending	\$ -	\$	\$	\$	\$

Operating Revenues – Operating revenues for the fiscal year ending June 30, 2021 and 2020 was comprised of local match contributions from transit providers. There was a slight increase from the prior fiscal year.

Operating Expenses – Operating expenses for the fiscal year ending June 30, 2021 decreased by \$113,052 and reflects a decrease in administrative costs and My Rides Program and an increase in Independent Living and Health Express expenditures.

Management's Discussion and Analysis June 30, 2021

Non-Operating Revenues – Non-Operating revenues for the fiscal year ending June 30, 2021 decreased by \$180,052 from the prior fiscal year mainly due to a decrease in Local Transportation Fund and State Transit Assistance fund revenues to offset the year's Operating Expenses.

Non-Operating Expenses – Non-Operating expenses for the fiscal year ended June 30, 2021 from June 30, 2020 had a decrease of \$60,000 to reflect a reduction in expenses related to South Placer Transit Info Call Center over the prior fiscal year.

ECONOMIC OUTLOOK

WPCTSA relies primarily on federal and state grants, local programs, and Transportation Development Act Local Transportation Funds (LTF) to fund its activities. LTF funds are derived from a portion of state sales tax dollars and are allocated to WPCTSA to be utilized for community-based transportation, including services for the elderly and disabled persons who are unable to use conventional transit services. Because LTF is dependent on sales tax collection, which is generated by consumer spending, the funding may fluctuate periodically.

WPCTSA adopts an annual budget for income and expenditures, based on many factors and projections for the coming year. As the actual income and expenses are finalized as each fiscal year progresses, refinements may be necessary and the budget will be amended accordingly.

As recent experience has demonstrated, local transportation fund revenues which serve as WPCTSA's primary source of non-operating revenue have fluctuated over the past several years due to the volatile economic climate. Despite this, WPCTSA remains fiscally stable. Management and the WPCTSA's Board of Directors remain conservative in their financial policies and have not budgeted for revenues that are not quantified; expenditures are managed carefully and adjustments made as conditions require.

WPCTSA is encouraged by development throughout the region and will continue to practice sound fiscal management, financial planning, investment management, budgeting and internal financial controls.

CONTACTING WPCTSA

This financial report was designed to provide a general overview of the WPCTSA's finances and to demonstrate WPCTSA's accountability for the funds it receives. Questions about this report should be directed to Western Placer Consolidated Transportation Services Agency, 299 Nevada Street, Auburn, CA 95603.

NOTES TO FINANCIAL STATEMENTS

June 30, 2021 and 2020

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Western Placer Consolidated Transportation Services Agency (the Agency) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting principles of the Agency are described below.

<u>Description of Reporting Entity</u>: The Agency is a joint powers agency formed October 13, 2008 and organized to provide social service transportation for the western portion of Placer County, including services for the elderly and individuals with disabilities who cannot use conventional public transit services.

The Agency is a blended component unit of the Placer County Transportation Planning Agency (PCTPA). The Agency is administered by a board of directors consisting of the board of directors of PCTPA serving in a separate capacity as the governing board of the Agency. The Agency is reported as a blended component unit because the PCTPA may impose its will on the Agency and it has the potential to provide financial benefits or burdens to the PCTPA.

Basis of Presentation: The Agency's resources are allocated to and accounted for in these financial statements as an enterprise fund type of the proprietary fund group. Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, or where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other policies. Unrestricted net position represents the amount available for future operations.

Basis of Accounting: The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Enterprise funds are accounted for using the economic resources measurement focus. With this measurement focus, all assets, deferred outflows of resources, liabilities and deferred inflows of resources associated with the operation of the Agency are included on the statement of net position. Net position is segregated into the investment in capital assets, amounts restricted and amounts unrestricted. Enterprise fund-type operating statements present increases (i.e., revenue) and decreases (i.e., expenses) in net position.

The Agency uses the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. Grant revenue is recognized when program expenditures are incurred in accordance with program guidelines. When such funds are received they are recorded as unearned revenues until earned. Transportation Development Act (TDA) revenues are recorded when all eligibility requirements have been met.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Agency are charges to customers for transportation services. Operating expenses include the cost of purchased transportation and administrative expenses. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

NOTES TO FINANCIAL STATEMENTS (Continued)

June 30, 2021 and 2020

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

When both restricted and unrestricted resources are available for use, it is the Agency's policy to use restricted resources first, then unrestricted resources as they are needed.

<u>Cash and Cash Equivalents</u>: For the purposes of reporting cash flows, the Agency considers all cash and highly liquid investments purchased with an original maturity of three months or less and demand deposits to be cash equivalents.

<u>Unearned Revenue</u>: Unearned revenues arise when resources are received by the Agency before it has legal claim to them, such as when cost reimbursement grant and other intergovernmental revenues are received prior to the incurrence of qualifying expenses.

<u>Net Position</u>: Net position is categorized as the investment in capital assets, restricted and unrestricted, as applicable.

<u>Investment in Capital Assets</u> – This category groups all capital assets into one component of net position. Accumulated depreciation reduces the balance in this category. The Agency had no investment in capital assets at June 30, 2021 and 2020.

<u>Restricted Net Position</u> – This category presents external restrictions imposed by creditors, grantors, contributors, laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation. The Agency had no restricted net position at June 30, 2021 and 2020.

<u>Unrestricted Net Position</u> – This category represents net position of the Agency not restricted for any project or other purpose. Because the Agency has unexpended LTF revenues, no amounts are reported in unrestricted net position.

<u>Use of Estimates</u>: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE B – CASH AND CASH EQUIVALENTS

All of the Agency's cash and cash equivalents consist of the amounts held in financial institutions.

<u>Investment Policy</u>: California statutes authorize districts to invest idle or surplus funds in a variety of credit instruments as provided for in the California Government Code, Section 53600, Chapter 4 - Financial Affairs. The Agency does not have a formal investment policy.

The Agency's permissible investments under the Government Code included the following instruments:

- Securities of the U.S. Government or its agencies
- Time certificates of deposit
- Bankers' acceptances
- Commercial paper
- California Local Agency Investment Fund Deposits

NOTES TO FINANCIAL STATEMENTS (Continued)

June 30, 2021 and 2020

NOTE B – CASH AND CASH EQUIVALENTS (Continued)

- Passbook savings account demand deposits
- Repurchase agreements
- Medium Term Notes, minimum Moody's rating of AA

<u>Custodial Credit Risk</u>: Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The California Government Code and the Agency's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure public agency deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

At June 30, 2021 and 2020, the carrying amount of the Agency's deposits was \$836,853 and \$1,012,267 and the balance in financial institutions was \$836,853 and \$1,060,895, respectively. Of the balance in financial institutions, \$250,000 was covered by federal depository insurance and the remaining amount was collateralized as required by State law (Government Code Section 53630), by the pledging financial institution with assets held in a common pool for the Agency and other governmental agencies, but not in the name of the Agency.

NOTE C – FARE REVENUE RATIO

The Agency is required under the Transportation Development Act to maintain a fare revenue to operating expenses ratio of at least 10% related to its Health Express transit service. The calculation of the fare revenue ratio for the years ended June 30, 2021 and 2020 is as follows:

	2021		2020	
Passenger fare revenues and local match contributions	\$	60,000	\$	60,000
Operating expenses	\$	772,316	\$	676,012
Fare revenue ratio		7.77%		8.88%

The Agency was not in compliance with the 10% minimum required fare revenue ratio at June 30, 2021 and 2020. However, Assembly Bill No. 90 (AB 90), signed into legislation on June 29, 2020, was enacted in response to the COVID-19 pandemic's impact on transit operators to hold them harmless for significant decreases in ridership and fare revenues. AB 90 prohibits the implementation of a penalty for failure to meet the required minimum fare revenue ratio during the years ended June 30, 2020 and 2021. No penalties will be applied to future years for the failure to meet the minimum required fare revenue ratio during these fiscal years.

NOTES TO FINANCIAL STATEMENTS (Continued)

June 30, 2021 and 2020

NOTE D – UNEARNED REVENUES

The LTF allocates monies to the transit system to support operations. LTF allocations are considered earned when they are properly spent for operations by the transit system. It is the current practice of the PCTPA to have excess revenue returned to the funding agency or redesignated as subsequent year allocations. The maximum amount allowed is based on operating costs after certain adjustments. Allocations in excess of this amount are recorded as unearned revenue. At June 30, 2021 and 2020, maximum eligibility for operating LTF allocations was determined as follows:

	2021			2020		
LTF Allocations	\$	818,237	\$	1,110,737		
Maximum Amount Allowed:						
Operating expenses		974,731		1,087,783		
Contributions to other agencies		270,000		330,000		
Adjustments:						
Fare revenues and local match contributions		(155,860)		(148,860)		
STA allocations		(65,799)		(108, 829)		
Interest revenues		(350)		(8,140)		
Maximum amount allowed		1,022,722		1,151,954		
Net expenses (over) under maximum		(204,485)		(41,217)		
Unearned revenues, beginning of year		856,583		897,800		
Unearned revenues, end of year	\$	652,098	\$	856,583		

NOTE E – RISK MANAGEMENT

The Agency is exposed to various risks of loss related to torts, theft or damage to and destruction of assets, errors and omissions, injuries to employees and natural disasters. The Agency maintains commercial insurance policies through third-parties. There have been no significant reductions in insurance coverage from coverage in the prior fiscal year. Also, there have not been any settlements in excess of the insurance coverage for the past three fiscal years.

NOTE F – CONTINGENCY

<u>COVID-19 Pandemic</u>: The spread of the novel strain of coronavirus (known as "COVID-19") has had significant negative impacts throughout the world, including California. The World Health Organization declared the COVID-19 outbreak to be a pandemic in March 2020, and states of emergency have been declared by the United States, the State of California, and numerous counties throughout the State, including Placer County. Impacts of the COVID-19 outbreak to the Agency include, but are not limited to, an increase in wages and benefits costs associated with COVID-related employee leave and/or quarantine. Further, an economic downturn affecting the Agency's service area could have an adverse impact on the future collection of revenue sources.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS AND THE TRANSPORTATION DEVELOPMENT ACT

To the Board of Directors Western Placer Consolidated Transportation Services Agency Auburn, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Western Placer Consolidated Transportation Services Agency (the Agency), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements, and have issued our report thereon dated December 20, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Agency's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Agency's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. Our audit was further made to determine that Transportation Development Act (TDA) Funds allocated and received by the Agency were expended in conformance with the applicable statutes, rules and regulations of the TDA and Section 6667 of the California Code of Regulations. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and the TDA.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* and the TDA in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
